MEXICO INCOME TAX EFFECTIVE

Law Will Apply to Natives and Foreigners

Diplomats of Other Lands to be Exempt

Act is Similar to One in This Country

(BY CABLE—EXCLUSIVE DISPATCH)

MEXICO CITY, Feb. 28.—Beginning March 1, the Mexican government will make effective the income tax to be applied to foreigners and natives. Salaries, fees and income from any source will be subject to taxation.

Foreign consuls, government agents and diplomats are exempt. Persons living in other countries whose incomes are derived from Mexico are subject to taxation. Nonresidents of Mexico who are in Mexico temporarily and who derive an income from their stay in the Mexican republic also are included in the new law.

Salaries below 200 pesos monthly are exempt. The tax on salaries of from 200 to 500 pesos monthly is 1.25 per cent monthly. Salaries of 500 to 1000 pesos are taxed 1.50 per cent, and those of about 2000 pesos 7 per cent.

Corporations, companies, societies, institutions, partnerships, agencies with branch offices and all foreign concerns are exempt from the decree. Individuals representing others or in business for themselves in agricultural and mining concerns also are included.

Companies and corporations whose profit for one year amounts to not more than 2400 pesos are exempt. Those with a profit of 2500 to 5000 pesos pay 2 per cent; of 10,000 to 15,000 pesos, 2.5 per cent; of 16,000 pesos, 3 per cent; of 16,000 pesos, 3 per cent; of 100,000 pesos, 3.5 per cent. For more than 100,000 pesos 4 per cent will be charged.

The decree is similar to the income tax laws in the United States. Long it is complicated, and requires much time for study. The law requires employers to withhold taxes from employees, and holds them responsible for the payment of taxes by employees. Monthly pay rolls must be shown government officials. Courts will be named to pass on demands for tax exemption.

BAN AGAINST TROTSKY IS NOT LIFTED

Physician Says Leader Well Enough to Return But Big Three Forbids

BY JOHN CLAYTON

(BY CABLE—EXCLUSIVE DISPATCH)

BERLIN, Feb. 28.—Dr. Alexander, who has been looking after the health of Leon Trotsky, erstwhile Russian Minister of War, and who accompanied the red leader to the Caucasus, has just returned to Moscow. He says that Trotsky is strong enough and anxious to return, but the Big Three will not give him permission.

Trotsky tried everything in his power to return for the funeral of the late Premier Lenin, but the Big Three telephoned a stern refusal.

Fourteen professors, including Tolstolokoff, Siminoff and Wassiloff, are being tried for high treason before the Kief tribunal. They are accused of being friendly to Poland but Russians here believe that this is only a move to scare the intelligentsia into blind obedience to the Soviets and to scare away possible democratic leaders.

La Follette Withdraws in North Dakota

BISMARCK (N. D.) Feb. 28.—

CANADIAN IMPLEMENT DUTY CUT FORECAST

GOV.-GEN. BYNG'S ADDRESS TO PARLIAMENT HELD AS INDICATION

(BY A. P. NIGHT WIRE)

OTTAWA, Feb. 28.—A reduction in the Canadian duty on agricultural machinery is probable, in the opinion of members of Parliament who heard Gov.-Gen. Byng's speech from the throne today emphasizing the need for lower costs in the "instruments of production in industries" based on Canada's natural resources. Stabilization and control of freight rates on grain from the head of the Great Lakes to ocean ports was recommended, and it was suggested that no local decision concerning the St. Lawrence waterway project be reached until after further inquiry.

Other recommendations seek to promote trade through Canadian ports; to produce Canadian fuel; to amend the Dominion election act; the industrial dispute act and the militia act in regard to calling troops to the aid of the civil power.

STRIKER SHOTS EMPLOYER

Self-Announced Members of Union Escape from Shop After Failing to Coerce Workers

(EXCLUSIVE DISPATCH)

CHICAGO, Feb. 28.—One man was shot and seriously wounded today when rioting again broke out as a result of the walkout of several thousand members of the International Ladies' Garment Workers' Union. William Goldstein, 38 years of age, of the firm of Samuel Goldstein and Company, 1334 Milwaukee avenue, is the victim.

This morning, according to the police, three men entered the shop and announced themselves striking members of the union. They pleaded with the sixty Goldstein employees, who had not walked out, to join their ranks.

THREATS FAIL

The pleading gave way to threats. When the three men turned to the crowd of employees and began taunting and berating them, William Goldstein attempted to quiet them. He succeeded in getting them into an outer hall.

Thereupon, Goldstein says, the leader of the three yanked out a

gun, aimed at him and fired. He was taken to St. Elizabeth's Hospital, where it is said he will probably recover. The three men escaped.

As a result of the shooting and also as a result of the general rioting which accompanied the walkout yesterday in the vicinity of West Adams and Market streets, police are on duty in double the number that were guarding that district yesterday.

"It is quite manifest," said Mr. Lebosky, "that the union has been looking for this strike for some time, and did not want a continuation of peace and harmony."

JILTED BY STAGE, ENDS LIFE

Actress Commits Suicide at New York After Days of Futile Waiting in Booking Offices

(EXCLUSIVE DISPATCH)

NEW YORK, Feb. 28.—Weary of efforts to get work on the stage, of manuscripts returned by publishers, Miss Valie Belasco Martin, actress and unsuccessful writer, committed suicide in the apartment of her mother at 260 Riverside Drive early today. She drank the contents of a bottle of shoe-cleaning fluid.

The empty bottle was found by her side when her mother, frightened by her screams, ran to the girl's bedside. It contained ironicaly its label—"The Cinderella cleaning fluid." Near it lay a note which said of her efforts to obtain employment: "a note that told bitterly of bad fortune, rebuffs and failure."

CHILD OF THEATER

When her mother, Miss Martin, came to New York in 1912, she came from a life lived in the atmosphere of the theater, came with the confidence and admiration of her mother's praise—and sure that her mother who had started a little playhouse in Milwaukee, where the girl was born, must know.

She got an engagement here—a small part in "Very Good Eddie."

CULT SLUR AT FLAG IS REPORTED

Denver School Officials Consider Legal Step to Check "Jehovah"

(EXCLUSIVE DISPATCH)

DENVER, Feb. 28.—Denver public-school officials are seeking the best plan by which to force followers of Joshua Sykes Jehovah, self-proclaimed supreme being and savior of the world, to discontinue teaching their children disrespect for the United States government and flag.

Unless some legal means is found to bring that about, it was declared, the school heads probably would be obliged to bar the Jehovahite children from the city's schools.

According to Dr. John Grass, Civil-War veteran and director of patriotic work in the schools for several years, trouble has been caused in three of the city schools—Central, Lawrence and Corona—when the Jehovahite children refused to salute the flag and mocked it.

A particularly aggravate situation was brought about at the Corona school, Dr. Grass reported, when a Jehovahite youth spoke disrespectfully of the flag and refused to comply with the flag-salute ritual in a part of the school curriculum.

Joshua Sykes Jehovah served a term in the Federal penitentiary in California during and after the World War as the result of seditious utterances. He returned to Denver as a martyr in the eyes of his followers in 1922. Since that time he has been preaching in the Zion Temple on Lawrence street, between Fourteenth and Fifteenth streets.

Nation's Noted Documents Are Put in Shrines

(BY A. P. NIGHT WIRE)

NEBRASKA FILES SUIT IN WAR ON GAS PRICE

DEMANDS THAT COMPANIES CHARGED WITH PLOT BE OUSTED FROM STATE

(BY A. P. NIGHT WIRE)

OMAHA (Neb.) Feb. 28.—Fifteen oil companies operating in Nebraska are charged with conspiracy to fix and control the price of gasoline and allied products in a suit filed today in the District Court of Douglas county by O. S. Spillman, Attorney-General of the State. The Attorney-General seeks to have the companies named in the suit ousted from the State and forbidden to operate within its borders.

Companies against whom the suit is brought include the Standard Oil Company of Nebraska, United States Oil Works, Nicholas Oil Corporation, Anderson Johnson Oil Company, Nebraska-Iowa Oil Company, Bialk Oil Company, Omaha Refining Company, Standard Oil Company of Indiana, Sinclair Refining Company, National Refining Company, Manhattan Oil Company, The Texas Company, Tidal Refining Company, Tanco Oil Company and the Shaffer Oil and Refining Company.

OBSERVATIONS

INNOCENT BYSTANDER

W.M.H.

The terrific victories of the Los Angeles Athletic Club over the fast Larry Semon basketball team by the out-

landish scores of 21 to 2 and 25 to 2 must mean that the clubmen have, under the direction of Coach Joseph,

built up one of the greatest basketball teams ever seen in the South. Several unpre-

dicted critics have informed us that they believe the L.A.A.C. could knock over the Trojans just about as easily as the U.S.C. crowd knocked the Clubmen over in their early season encounter. Such a

statement is, of course, only a matter of opinion but never-

theless means that the club team is a great outfit anyhow. Undoubtedly the L.A.A.C.

five will go to Kansas City for the national championships, in which they didn't do so well last year, and it is also prac-

tically certain that the Larry Semon team, which finished fourth, will make the trip. The Moricemen will be greatly

strengthened by the addition of the U.S.C. team, both of whom have quit school this semester and will be eligible to make the trip. Both played for the Larry Semon team last year and they make a great pair of guards.

The Firpo-Wills negotiations have been called off again, this time by Firpo's American representative, Billy McCarter.

This time the cause of the rumpus is said to be a flock of tight restrictions imposed by promoters, supposed-

ly those who were trying to promote the battle. They were evidently trying to tie up the

WOMEN CHAMPS ENTER TOURNERY

Miss Cummings, Miss Hollins Enter Competition

Date of Titular Event at San Diego is Advanced

To Play Semifinal Rounds at San Gabriel Today

BY CHARLES WEST

The annual Southern California golf championships for women will take on added importance this season because of the entries of Miss Edith Cummings of Chicago, national champion, Miss Marlon Hollins, former holder of the title, Miss Rosamund Sherwood, of Philadelphia, and Mrs. H. G. Hutchings of Winnipeg, former Pacific Northwest champ. Participation by these four super-stars in the titular tourney is assured now that the date of the event has been switched from May to March, a change made by the officials of the Women's Auxiliary, S.C.G.A., at a meeting held last night.

The tournament will be held as scheduled at the San Diego Country Club course, in Chula Vista, opening with the qualifying round March 17, and continuing with match play until the finals March 21. In addition to the four players named above, Southern California's "Big Three," Miss Doreen Kavanagh, State champion, Miss Mary Browne, and Miss Margaret Cameron, will be out for the title, while a number of Northern California luminaries are expected to compete.

DOUBLE PURPOSE

Moving up the date of the tournament serves a double purpose. In the first place, it permits the nationally famous golfers to swell the list of entrants, and in the second place it assures the players of a course in good condition on which to battle for the title. The dryness is apt to seriously damage Southern California courses by May, while the turf can be kept in good shape for the advanced date.

The spate of qualifying in flights according to handicap will be continued, according to Mrs. A. E. D. Trabue, chairman of the auxiliary. Ribb clubs will be barred, while no ban will be placed on steel-shafted weapons.

An invitational tournament for women will be held next Friday and Saturday, March 7 and 8, at the Montecito Country Club. It will consist of thirty-six holes of match play, eighteen to be played the morning of each day. A fancy list of entries has been received, headed by Miss Cummings, Miss Hollins, Miss Sherwood, Miss Kavanagh, Miss Brown and Miss Cameron.

SAN GABRIEL

Although the first rounds of match play usually bring out little excitement for the golfers, yesterday's matches in the San Gabriel Country Club's invitational tournament furnished keen competition in most of the contests, several of them going to extra holes, while the majority were not decided until the last two holes.

Dave Jacobs started the natives by eliminating Sam Daisell in one of the feature matches in the championship flight, although he was forced to his best game in order to turn the trick. After being 3 down at the turn Daisell made a valiant attempt to win on the second nine, succeeding in securing the match at the seventeenth. A birdie three scored by Jacobs on the last hole gave him the match, however, nine holes for the round being 78.

Arnold Stutz and C. P. Erdman both played sensational golf in eliminating their opponents, the former turning in a 71 after defeating Lewisell Bixby, 7 and 6, while Erdman had a 70 after disposing of Boyce Combs, 7 and 6.

Two rounds will be played today, second round matches being scheduled for morning, and semifinals for the afternoon. Finals in all flights will be held tomorrow, the deciding match in the championship flight to be over 36 holes.

The tournament committee at San Gabriel is to be congratulated for the smoothness with which the event has progressed. Practically no congestion has marred the

YOUNG STRIBLING FINISHES PERRY

BY A. P. NIGHT WIRE

FORT BRAGG (N. C.), Feb. 28.—W. L. "Young" Stribling, light-heavyweight of Macon, Ga., tonight knocked out Jack Perry, light-heavyweight champion of the Navy, in the second round of a scheduled eight-round match. A left to the head accounted for the sailor-fighter. The Georgia boy had the best of the fight in both rounds.

VOTES LICENSE FOR BOUT

Rhode Island Town After a Dempsey-Wills Fight; Tex Rickard Knows Nothing About It

CUMBERLAND (R. I.) Feb. 28.—The Town Council of Cumberland today voted to grant a license to the Rhode Island Department, Veterans of Foreign Wars, for a bout between Jack Dempsey, heavy-weight champion, and Harry Wills, negro challenger, to be held here July 4 or July 12. Attached to the resolution was the proviso that the promoters pay a fee of \$10,000 to the town within ten days.

Harry Dyer, representing the veterans, and John J. Griffin, who announced himself as the representative of Tex Rickard, New York boxing promoter, appeared before the Council to present the petition for a license. They asked that permission to hold the bout be granted immediately and offered to pay therefore a fee of \$500.

The Council considered the proposal in executive session and later in open meeting passed the order with the \$10,000 fee added.

NEW YORK, Feb. 28.—Tex Rickard, boxing promoter, today denied all knowledge of a proposed fight between Jack Dempsey and Tom Gibbons, and possibly a bout between Harry Wills and a match.

STOPS TWENTY-FIFTH CONSECUTIVE OPPONENT

Young Fisher Takes Count in Sixth Round of Battle in Madison Square Garden Program

[EXCLUSIVE DISPATCH]

NEW YORK, Feb. 28.—Paul Bodenbach, sensational local middleweight boxer, scored his twenty-fifth consecutive knockout at the Madison Square Garden tonight, Young Fisher, veteran Syracuse fighter being the recipient of the sleeping potion. Berlenbach put his rival away after 24 seconds of milling in the sixth round. It was estimated that 14,000 spectators saw the fight, which was the semifinal of the evening's program.

Fisher made a good showing only in the opening round. He managed to stay away from most of Berlenbach's heavy punches and as a result didn't look so bad. In the second session the German sensation got to his man with a couple of telling wallop and from then on it was only a question of time until Fisher was on speaking terms with the fairies.

Berlenbach hit his rival with something that looked like a sledge hammer in the fifth and Fisher took the count of eight round Fisher forgot to protect his middle section and Berlenbach smashed in with a left to the heart and the show was over.

Ad Stone, Philadelphia light-heavyweight, had Dave McGill of Ireland so groggy in the eleventh round of their scheduled twelve-round bout that the referee stopped the affair. Stone winning on a technical knockout. McGill was being battered all over the ring by his adversary when the fight was stopped.

General Prohibition of "Dr."
Prefix Favored

(BY A. P. NIGHT WIRE)
SACRAMENTO, Feb. 28.—A report with recommendations seeking to end the existence of so-called "diploma mills" and the fraudulent use of the title of "doctor" in California, was filed with the State Board of Medical Examiners today by a committee of the board appointed some time ago at the suggestion of Gov. Richardson to investigate the situation in this State. The report, which was submitted by Dr. Charles B. Pinkham, secretary of the board; Dr. J. B. Harris of Sacramento, and Dr. Harry E. Alderson of San Francisco, recommended:
"A bill to prohibit the incorporation of 'by night' schools unless the incorporators of such institutions submit satisfactory evidence of physical equipment, teaching personnel and financial responsibility as will guarantee the honest conduct of the proposed school."
"Amend the Medical Practice Act so as to prohibit the use of the prefix 'Dr.' and require the use of the suffix 'M.D.' and other degrees."
The report names several institutions in California in an effort to show "how easy it is to incorporate without showing evidence of physical equipment, education, personnel or financial responsibility as a guarantee of the satisfactory operation of the institution." The institutions named are: American University, Los Angeles; California College of Drugless Physicians, Los Angeles; U. S. National University-College of Attorneys and Counsellors at Law; Physicians and Surgeons, San Francisco, and Pacific Medical College, Los Angeles. According to court records, the Pacific Medical College discontinued in June, 1918, the report says.

WOOD NAMES MORO AS LANAO GOVERNOR

Datu Ira Is First of Race
Ever to Hold Such
Office

(BY CABLE AND ASSOCIATED PRESS)
MANILA, Feb. 28.—For the first time since foreigners interfered in the old governmental forms, the Province of Lanao today has a Governor. Datu Ira, a Moro, was named by the Governor-General to be acting Governor of Lanao. He is the first of his race ever to hold such an office. The Governor-General departed today on his yacht Apo for a brief inspection trip which will take him to the leper colony at Culion and to Sorsogon Province. He will return Tuesday. The Governor-General said that of eighty-four bills passed by the Legislature at its recently closed session only fourteen had been received by him. He said that unless the remaining measures were placed in his hands Tuesday, he would be compelled to veto several of them for lack of time in which to examine their contents.

JAZZ RANKS HIGH IN RADIO FANS' HEARTS

(EXCLUSIVE DISPATCH)
NEW YORK, Feb. 28.—Jazz ranks second or third in the hearts of radio fans. William E. Harkness, vice-president of the Telephone and Telegraph Company, in charge of station WEA, told 500 guests at the luncheon of the New York Electric League in the Hotel Astor. Symphony music, he said, easily is the favorite. "Probably most surprising," he went on, "is the fact that 54 per cent of our audience desire interesting or instructive talks." The radio program of the future, he declared, must be self-supporting, adding that radio stations will soon have to pay every performer.

AIR PORT AT PARIS FORT NOT PROBABLE

(BY CABLE—EXCLUSIVE DISPATCH)
PARIS, Feb. 28.—The proposal to establish the Paris air port on the site of the great Fort of Mont Valerien, looking down on the Longchamps race course, may be rejected on account of the heavy cost. Proponents of the scheme point out that the present air port at Le Bourget is half an hour from Paris along an ugly road, whereas Mont Valerien, just outside the city, in charming and picturesque surroundings, would give the air traveler at once a favorable impression of the city.

CATTLEMAN FIGHT FREIGHT RATE RISE

(EXCLUSIVE DISPATCH)
TUCSON (Ariz.) Feb. 28.—Treasure J. M. Ronstadt of the Arizona Cattle Growers' Association declares that the cattlemen of the Southwest are likely to turn to driving their produce to market, as in the early days, if the Interstate Commerce Commission grants an application made by the railroads for increase in cattle freight rates. A hearing is to take place in Phoenix in March. Even under the present tariff, it is said, shipments of live stock to Los Angeles are a loss. The rise in rates proposed ranges from 10 to 50 per cent. Directors of the association are to devise means for fighting any rise.

SIX-LEGGED CALF FRISKY

LAND PLANES FOR
WORLD FLIGHT

(BY CABLE AND ASSOCIATED PRESS)
LONDON, Feb. 28.—Mig. Piero Zani and Ensign Nelson T. Page, Argentine aviators who are to attempt a flight around the world next summer, expect to let contracts for a specially designed land plane shortly. They are arranging for the purchase of a seaplane for the water leg. The route will be from London to Paris, Rome, Cairo, Bagdad, Calcutta, Rangoon, Shanghai, Tokyo, Alaska and San Francisco. From San Francisco the flight to New York will be made in four stages over the transcontinental air mail route and the trans-Atlantic flight will be from St. John, N. B. They hope to make this last leg in one day directly to London. They expect to start about April 15.

FILM ACTRESS GIVEN DAMAGE SUIT AWARD

(BY A. P. NIGHT WIRE)
NEW YORK, Feb. 28.—A jury in Brooklyn today returned a verdict in favor of Pearl White, motion picture actress, and the Fox Film Corporation, who were being sued for \$10,000 by John F. Beatty, an actor. Beatty sought the \$10,000 as compensation for injuries received in filming a picture at Bay-side, Long Island, in 1921, in which he and Miss White were mounted, he set forth. He alleged the actress so mismanaged her horse as to cause Beatty's mount to throw him, permanently disabling him.

FOUR DENVER WOMEN TRY TO END LIVES

(BY A. P. NIGHT WIRE)
DENVER, Feb. 28.—Police surgeons today were kept exceedingly busy as a wave of attempted suicides among women swept over the city. Four women, all asserting to have family difficulties and quarrels with their husbands, endeavored to kill themselves by drinking poison. All will recover.

TRESS BOB PATRONAGE CONTESTED

Illinois Barbers Appeal
for Ruling Against State
Beauty Parlors

(EXCLUSIVE DISPATCH)
CHICAGO, Feb. 28.—The battle over the question of who shall bob the hair of Illinois women and keep it trimmed, bobbed up again with a merry little tilt between the heads of the barbers' union and the Beauty Parlors' Association.
W. E. Leidig, president of the union, appealed to the State Department of Registration to refuse licenses to hundreds of beauty parlor applicants, and cited the case of Miss Helen Hanson as ground for his action. Miss Hanson asserted she obtained a bob in an alleged beauty parlor that was an "awful example" of bad bobbing. The hairdressers on the other hand said that they would fight to the last ditch for the new business, to replace the actual hair-dressing business which has slumped terribly since the advent of the bob craze.
The Illinois law requires that anyone wishing to cut and trim hair must have a State license.

Man Slashed by Wife Refuses to Have Her Jailed

(EXCLUSIVE DISPATCH)
BOSTON, Feb. 28.—They should call Petro Pattus "the best-natured man in the world." Anything his wife does is O. K. with Petro.

Petro is 45 years of age, and lives in East Boston. He was sleeping there until his face felt funny and he woke up. Then he discovered he had been slashed about the face and head. He hastened to East Boston Relief Hospital for treatment.

Next Petro reported at police station that his wife had done the slashing. He refused to seek a warrant.

"She's my wife," he said, "I don't care if she did cut me."

BILL POSTERS TO RETURN TO WORK

(BY A. P. NIGHT WIRE)
SAN FRANCISCO, Feb. 28.—The bill posters of the Foster & Kleiser Company, numbering about 300 in the Coast cities, who struck for higher wages several weeks ago, are to return to work Monday. The company announced today. A new agreement has been signed, which, while not increasing wages, grants other concessions satisfactory to the men.

When you try to trace the north, east or west boundaries of Los Angeles' probable growth, you run into considerable uncertainty. Undoubtedly she will continue to expand in these directions, but no one can say just how far or how fast.

But there is no guesswork about her southward growth. You know where that is going—straight toward the harbor district. You know there is only one boundary line—the water front. And you know how fast that growth will come because you know how rapid is the city's growth as a great national seaport and industrial center.

Shut off by the mountains on the north, the whole industrial progress of Los Angeles is behind a drive toward the harbor. Already it has smashed the old border at Slauson Avenue and is sweeping on further and further south.

But just as rapidly, growth is coming from the other direction. Industry reaching south for Water Transportation—Water Transportation reaching north for Industry! And on the map shown above you see clearly outlined the place where they have got to meet.

There it is—a district whose strategic position is unequalled anywhere in California. It stretches southward from Slauson Avenue some five or six miles with a width east and west about the same distance.

Put a pencil in the center of it and you have the center of population in the Los Angeles of 2,000,000 to 3,000,000 people. And you have likewise the hub of the city's industrial activity—the point around which Los Angeles will build her greatest industrial growth.

Not only the strategic position of this district, but its natural characteristics equip it for its great destiny. It is level or gently rolling which makes it perfectly adapted to the construction of great industrial plants and warehouses.

Power, fuel and water are available in ample quantities at low cost. Transportation in

and out of the district by rail or motor truck is immediately at hand and being constantly increased. Moreover, a manufacturer in this district is in a direct line between the harbor which brings him raw material and the city which furnishes him a market. For every industrial site there is a suitable residential section for employees within easy reach of their work. A considerable part of the district is well elevated, having an altitude higher than that of a large portion of the city proper and furnishing exceptionally attractive home sites. Two great drainage systems are being installed which will make flood and drainage problems a thing of the past.

According to the plans of the city and county planning commissions, this district will be a network of great highways, many of which are either constructed or projected running from the city straight to the harbor district, while several more will traverse the section east and west, carrying much of the traffic between the west coast beaches and the great inland agricultural districts.

Are you a manufacturer? Then here is the logical place to locate your plant.

Are you a workingman? Then here is the place to have your home—right in the district where work will be plentiful within easy reach.

Are you looking for a real estate investment? Here is the widest variety of opportunities—factory locations, business property or residential sites, that will meet any requirement for sound investment. Whatever interest you establish here you know that, operating to enhance its worth and importance is the mightiest factor in the future greatness of Los Angeles—the tie-up between her harbor and her commercial and industrial expansion.

The "Los Angeles to the Harbor Association" is composed of manufacturers, business men, property owners and residents representing every part of this district. The very fact that such an organization is actively functioning proves that from within as well as from without are strong forces working for the prosperity of this community.

Power, fuel and water are available in ample quantities at low cost. Transportation in

and out of the district by rail or motor truck is immediately at hand and being constantly increased. Moreover, a manufacturer in this district is in a direct line between the harbor which brings him raw material and the city which furnishes him a market.

For every industrial site there is a suitable residential section for employees within easy reach of their work. A considerable part of the district is well elevated, having an altitude higher than that of a large portion of the city proper and furnishing exceptionally attractive home sites. Two great drainage systems are being installed which will make flood and drainage problems a thing of the past.

According to the plans of the city and county planning commissions, this district will be a network of great highways, many of which are either constructed or projected running from the city straight to the harbor district, while several more will traverse the section east and west, carrying much of the traffic between the west coast beaches and the great inland agricultural districts.

Are you a manufacturer? Then here is the logical place to locate your plant.

Are you a workingman? Then here is the place to have your home—right in the district where work will be plentiful within easy reach.

Are you looking for a real estate investment? Here is the widest variety of opportunities—factory locations, business property or residential sites, that will meet any requirement for sound investment.

Whatever interest you establish here you know that, operating to enhance its worth and importance is the mightiest factor in the future greatness of Los Angeles—the tie-up between her harbor and her commercial and industrial expansion.

The "Los Angeles to the Harbor Association" is composed of manufacturers, business men, property owners and residents representing every part of this district. The very fact that such an organization is actively functioning proves that from within as well as from without are strong forces working for the prosperity of this community.

How to Relieve
Neuritis

If you want genuine, lasting relief
from those keen, darting pains of
neuritis, you must first restore the
diseased nerves to sound, healthy
condition.
Neuritis is nerve inflammation
brought on by colds, injuries, bruises,
or infectious diseases. It usually
centers its attack about the shoulder
or nape of the neck, in the forearm,
thigh or leg, and sometimes in the
small of the back.
For real relief, procure a bottle of
Epps' Neuritis Tablets from your
druggist and take two tablets before
each meal. The result will amaze
you. Never in your life have you
used anything like these marvelous
tablets.
Epps' Neuritis Tablets contain no
habit-forming drugs—no narcotics.
Perfectly harmless to every one.

SCHOOLS HELD TO BE
TURNING OUT 'SOFTIES'

TEACHERS AT CONVENTION IN
CHICAGO URGE EIGHT
HOUR DAY

CHICAGO, Feb. 28.—C. R. Cor-
nell, superintendent of the School
Highlights School of Chicago, in
an address before the department
of superintendence of the Na-
tional Educational Association, de-
clared that the public schools of
the country are turning out "soft-
ies." He declared that the work
of the average child is too soft
and lacks the depth of concentra-
tion which makes for vigorous
character development.
"Many educators believe that
the present school day is too short
and favor the eight-hour day," he
said.
However unacceptable this sug-
gestion may seem to our school-
children, the plan under considera-
tion has many redeeming features,
according to David B. Corson, su-
perintendent of the Newark (N.J.)
schools, and he intimated that
school hours in the future might
be even longer than eight hours.
"The new schedule provides
several periods for supervised re-
creation," said Mr. Corson, "such as
an hour or two work in the school
garden and a period of vocational
training."
NO MERCY SEEN FOR
CONVICTED MEXICAN
GOV. RICHARDSON EXPECTED
NOT TO INTERVENE
DESPITE PLEAS
[BY A. P. NIGHT WIRE]
SACRAMENTO, Feb. 28.—Inti-
mation was given at the office of
Gov. Richardson today that the
executive would not intervene to
save Aurelio Pompa, Mexico citi-
zen, from hanging at San Quen-
tin Prison March 7, although num-
erous petitions requesting com-
mutation of the sentence have been
received.
President Oregon of Mexico, through
the consul general at San Fran-
cisco and Los Angeles was said
to have interested himself in the
case, basing his interest on the
declaration that Pompa killed
William D. McGuire in Los Angeles
county in self-defense.
At the Governor's office today it
was declared that the transcript of
evidence in Pompa's trial showed
that "the prisoner committed a

cold-blooded murder by shooting
in the back an unsuspecting vic-
tim who had no opportunity to
defend himself."
"It is true," the Governor's
spokesman said, "that there had
been a scuffle between Pompa and
the murdered man, but that had
taken place almost an hour before
the murder. The evidence of the
defendant's guilt was so strong that
no claim was made on appeal that
the evidence was not sufficient to
sustain the verdict."

SQUEEZED TOO HARD;
DIVORCE GIVEN
[EXCLUSIVE DISPATCH]
BOSTON, Feb. 28.—Squeezing
the hand may be a sign of affec-
tion, but Mrs. Emma Carr of Jam-
mal's Plain asked for a divorce
because her husband put too
much pep into the squeezing. Af-
ter hearing her story, Judge Do-
lan of Suffolk Probate Court
granted a divorce on grounds of
cruelty. "My husband, Ivia,
squeezed my hand until it hurt,"
Mrs. Carr told the court. "He al-
so bent my arm. He hasn't sup-
ported me since we were mar-
ried five years ago."

Regional Bankers' Sessions Brought to Close

(Continued from First Page)

Wants to see the German nation to pieces; to incapacitate it permanently. She feels that it is necessary to do so for her safety. "If Polonoire were to wake up tomorrow morning and find every dollar of the whole German indemnity on his front doorstep, he would be the most disappointed man in Europe."

A year ago when the franc was selling at 7 cents, I told a group of French bankers and business men that before May it would be selling at 4 cents. They laughed at me; they told me I was crazy. I am going to tell you now that, if there is not a change, the franc will be selling at 2 cents by next January.

"France is beginning to realize that it is Frenchmen and Frenchwomen who must pay the expenses of occupation in the Ruhr. The French peasant and the French bourgeois are not subscribing as they did to the expenses of that occupation."

"It will be a further drop in the value of the franc that finally will overthrow Polonoire. I hope so for the good of the world."

"In the face of the horrible conditions in Europe, America, to my mind, has acquitted herself admirably to maintain the measure of prosperity that she has."

GRAVES MAKES HIT

Jackson A. Graves, president of the Farmers' and Merchants' National Bank, which has been gone for branch banking, made the hit of the evening with a good-natured dig at the latest fashion among his friends and competitors.

"If I had at the present time," he said, "young boy at school, I suppose some other boy would jab him in the ribs and say: 'Ah, ha, Mr. Smart, your papa's bank hasn't what my papa's bank has.' And my boy would say: 'What's that?'"

"Branches," would say the other boy. "Branches on Grand avenue on Hope street, on Wilshire boulevard, on Western avenue, on Jefferson street, on Santa Monica street, on Central avenue, in East Los Angeles, in Boyle Heights—branches everywhere."

"And if my boy was of the right mettle, he would shoot back: 'I don't care. They don't amount to anything. My papa has got a series of your papa and none of your papa has got—he's got a wooden leg.'"

STRESS HUMAN SIDE

Delegates to the savings bank division conference terminated yesterday afternoon a series of sessions at the Alexandria, in which emphasis was laid on the human rather than the technical aspects of the banking business.

"And this, said W. E. Albright, deputy manager of the association, in his closing remarks, was as it should be. "In the sessions," he continued, "I do not remember to have heard one word about the structure of banking as a technical business. The human element has been discussed almost to the exclusion of other factors, and let me say that, to my mind, the human element at this time is the most pertinent element."

"Importance has also been assigned to the part played in banking by advertising. The fact is, as it should be, that we must remember that advertising means only the dollar that has been earned, and has no other value. A considerable interest in the dollar not yet earned. That dollar must be drawn to you by the ties of human relationship. The men whom we serve are the men who will serve us."

SAVINGS INCREASED

Charts were shown, demonstrating statistically the growth of the industrial dislocation consequent upon the war and the great sums diverted by unscrupulous stock salesmen to the promotion of enterprises, savings accounts, both in Los Angeles and for the country at large, showed a steady gain over the growth in population.

In moving a resolution of thanks to the Los Angeles newspapers for the spirit of co-operation in the conference shown by them, William R. Morehouse, vice-president of the Security Trust and Savings Bank, gave his associates a personal recipe for establishing helpful relations with the press.

ORDERS DINES CASE ACTION

Justice Hanby Says Greer Hearing in Shooting Must Be Completed at March 19th Session

Declaring that the hearing of Horace Greer must be completed at the next session, Justice Hanby yesterday continued the case against Greer on a charge of shooting Courtland Dines until March 19. The continuance was given after three physicians testified that Dines, the most important witness, is physically unable to appear in the courtroom to testify.

Dines was wounded on New Year's Day while Edna Furlivance and Mabel Normand were present in his apartment. Horace Greer, chauffeur for Miss Normand, was arrested for the shooting after it was ascertained that the apartment for Miss Normand. The preliminary hearing has now been dragging along for two months.

The witnesses before Justice Hanby yesterday were Dr. Louis Weber, representing Justice Hanby; Dr. Cochran, appointed by the court.

"I always assume that a newspaper has a right to know both the facts of a situation which interests them and the policy of the bank toward that situation."

"I never take them a piece of copy and ask them to run it as it stands. I never read them a piece of copy and ask them to run it as it stands. I always get a square deal."

RESOLUTIONS OF THANKS

Among the resolutions of thanks adopted were one to The Los Angeles Times, and one to "Uncle John" Daggett, the mover, for making Wednesday night "Bankers' Night" as far as The Times radio service carried.

Speakers and their subjects at yesterday's two sessions were: H. A. Nater, assistant vice-president of the Bank of Italy, Los Angeles branch, on "Industrial Savings: Eliminating Waste in Advertising"; Ferris R. Miller, manager of the Better Business Bureau; Trade-Marks, Signatures and Other Identifying Marks, by L. E. Townsend, cashier, United Bank and Trust Co., San Francisco; Employee's Business Getting Contests, by Irving J. Mitchell, assistant vice-president of the Security Trust and Savings Bank; Conservation of Old Business, by Roger W. Andrews, vice-president of the Citizens Trust and Savings Bank; and The Bank of Italy, by J. K. Ballie, financial editor of the Los Angeles Express.

Last night, the delegates were dinner guests of the Los Angeles Clearing House Association at the Biltmore.

HUMAN RELATIONSHIP

W. R. Morehouse, who has been a fixture in the banking business for many years, said that the human side of banking is the most important.

"The human side of banking is the most important," he said. "It is the human side that makes the difference between a good banker and a bad one."

RICHARDS WILL TESTIFY

Former Harbor Commissioner to Appear Before Grand Jury; Mayor Finds no Fraud Proof

Dist. Atty. Keyes announced late yesterday that an important witness before the grand jury in connection with the investigation of the city Harbor Department, including the acceptance of free suits of clothes, Pullman state rooms and other gratuities by President McKee of the board from men who had matters pending before the commission, will be former Harbor Commissioner C. L. Richards.

During the years 1921-1923 Mr. Richards had been fully tested and proved satisfactory. After Vincent was discharged by the board, the order was given for the plea to Emil Cyclopedia's Pan-Pacific Construction Company, and later Mr. Richards was promoted to be Harbor Engineer.

At first Commissioner Kibele and Pres. McKee looked with favor upon Engineer Ludlow, but since last spring, when the municipal campaign was on and municipal politics was entering into Harbor Department affairs, Ludlow lost favor with Pres. McKee and Commissioner Kibele, who have been "riding" the Harbor Engineer ever since, according to outward evidences at the Harbor Board meetings.

It has always been taken for granted that deals and trades made during the municipal campaign had an important bearing on Harbor Department affairs, as the current which had been running against Pres. McKee and Commissioner Kibele suddenly died down last spring. So strong was the feeling against Pres. McKee, a year ago, that the members of the Chamber of Commerce decided to ask the Mayor to remove him, and the Commercial Union adopted a strong resolution declaring the president of the board unfit for his position. Commissioner Kibele was also in the Mayor's political advisers, but some sort of a truce or peace was patched up before the city primaries, and thereafter Pres. McKee and Commissioner Kibele seemed to observers at the Harbor Board meetings to be "getting together" with the utmost harmony, and the calls for the removal of the Mayor's advisers ceased.

Dist. Atty. Keyes said yesterday that steady progress is being made toward getting the Harbor Department affairs preparatory to presenting the entire matter to the grand jury next week. "The truth will be known," he said. "The truth will be known."

VISITOR LAUDS HORSE EXHIBIT
Company President Shows Equines
Story of \$106,000 Bid for Famous Bull
Early Holstein Calf Was Good Investment
The man who paid \$106,000 for a bull, E. A. Stuart of Seattle, president of the Carnation Milk Company, is one of the exhibitors at the Los Angeles Horse Show at the Ambassador; seven saddle horses and seven harness animals from the Stuart stables being in the entry list.
Mr. Stuart, accompanied by Mrs. Stuart, is staying at the Ambassador and during an interview said he regards the present horse show as a greater exhibition of its kind than any given previously.
"While I am primarily interested in dairy cows, during the last few years I have given a good deal of attention to the breeding of horses and have attended most of the big shows," he said, "and in my judgment this surpasses any of them."
In addition to being the head of the Carnation Company, Mr. Stuart is the president of the Pacific International Live Stock Exposition of Portland, which puts on an annual show in November. He is also the owner of a large dairy farm east of Seattle, where he maintains a herd of 400 thoroughbred Holstein cows.
PRIZE BULL PAYS
In speaking of the famous bull, purchased by Mr. Stuart for \$106,000 in 1918 and featured in newspapers, the milk manufacturer said this was the best investment he had ever made.
"It was the highest price ever paid for a bull in the world," he commented, "and it may be that some day will again be an occasion when such an expenditure will be justified, but I have always been well satisfied with the purchase."
Mr. Stuart was formerly a resident of Los Angeles, having been, at one time, in the wholesale heavy business in this city. He came here in 1909 to go to Seattle where he organized the Carnation Milk Company, which now has factories in fourteen States, and also in Canada and France, and produces annually some 400,000,000 cans of condensed milk.
Dempsey Faces Traffic Arrest on Return Here
A warrant for the arrest of Jack Dempsey, champion heavyweight prize fighter, is on file at the District Clerk's office at Central Police Station. It was learned yesterday, Dempsey is charged with a violation of a city traffic law. As it is in the East the warrant has not yet been served.
Dempsey, it was stated, failed to appear in the prescribed time at the District Clerk's office to put up on a traffic law issued to him. The warrant, it was said, will be served on Dempsey when he returns to Los Angeles.
KEY-WRITING PATENT HELD INFRINGED UPON
NIGHT OF BOSTONIAN UPHOLD IN CASE AGAINST LOCAL AIRCRAFT COMPANY
A process used by the Rogers Aircraft Co., of Los Angeles in signing and writing by means of stylus is an infringement of patent obtained by James Means of Boston on a stylus system. Infringement was held by Judge Bledsoe yesterday. Judge Bledsoe granted an injunction against use of the process on a petition of John Clifford Savers of London and the Keywriting Corporation of America. The invention of Means was a pioneer and basic one providing the instrumentality whereby definite and stable signals could be projected from the sky.
J. B. Webster, L. D. Sales and G. B. Bodwig were named as defendants in the petition for an injunction.
LIQUOR CASE UP
Federal Grand Jury Will Hear Malibu Evidence Today
The information against F. C. Neal, former dry agent, and the eight other persons arrested at the Malibu Ranch recently after the seizure of a boatload of liquor, will be placed before the Federal grand jury today. The information is being prepared by Deputy U. S. Atty. General and Chief Enforcement Agent Doherty. The return of indictments against the nine suspects is expected to follow the presentation of the evidence against them.
Besides Neal those accused are W. E. D. Smith, owner of the boat, T. F. Greenwald, Nick Zane, Jack Oreb, Tom Dusevich, James Yabani, Mrs. Anna Neal, wife of the former dry agent, and William Morrison.
PLAN FOR WESTLAKE BRIDGE IS REFERRED
The project for building a bridge across the lake at Westlake Park connecting Wilshire Boulevard and Orange street and thus linking the Wilshire and the downtown sections was presented to the City Council yesterday and was referred to the Public Works Committee for a report. The ornamental bridge will cost \$60,000. The Orange-street Improvement Association is urging the improvement.
WILL CONTEST FILED
George A. Wilde filed a contest yesterday to the will of his mother, Mrs. Lettie Wilde Kellogg, who died August 30, 1923. In her will she was cut out with \$10, the remainder of the \$1500 estate being given to other relatives.

REVEALS INDIAN ART IN MISSION

Uncovered Frescoes at San Fernando

Beneath Layers of Paint and Plaster

Hopes to Locate Other Work of Aborigines Here

The existence of early Indian frescoes, buried under fifteen layers of paint and plaster in the mission hall of the San Fernando mission, was discovered yesterday.

Through the efforts of Frederick A. Loukey, foreign expert on the restoration of paintings.

Mr. Loukey, working cautiously with a penknife, uncovered portions of a fresco which he thinks are the work of Indians in the early days of the mission. As in the case of the Assyrian and Egyptian art, the discoverer says, there is no perspective in the painting.

The colors are well preserved and the technique well advanced. He thinks it one of the few examples of purely ornamental art of California's original inhabitants.

THINKS OTHERS EXIST The artist, who is a native of London and who has traveled all over the world collecting art works and aiding in the restoring of ancient art and monuments, declares that the mission probably houses dozens of frescoes of Indian art.

Many of them, he doubts, are of plaster and paint. He says he can see another painting under the fresco uncovered yesterday, but will not be able to remove it until he has made a copy of the present one.

The possibility that other walls of the mission may contain other frescoes is admitted by the artist. "It is strange how I came to find this discovery," he said.

"The night I have almost a year for buried works of art. In the mission I have done much restoration of old frescoes and inscriptions on old monuments. I am a fresco painter myself, and I am familiar with all the old techniques. When I entered the mission last October I immediately saw its possibilities."

Mr. Loukey says his first opportunity to investigate the mission was yesterday. Upon making his discovery he communicated the news to Father O. Siemes, who, he says, was greatly astonished and agreed to the existence of paintings.

THE ARTIST PLANS TO continue his work with the consent of the mission authorities, and hopes to persuade them to allow a restoration of the frescoes. He also plans to make a copy of the frescoes in the mission hall, which he now is restoring.

Mr. Loukey, who has been in the mission for several years, is a native of London and has been in the mission for several years.

SAYS CITY IS ASSURED OF WATER

Supply in Sight Ample for Needs to November, Mulholland Declares

"We have in storage enough water to be able to deliver 200,000 gallons a day between now and next November," was the assurance voiced at the City Club yesterday by William Mulholland, who said that the maximum daily consumption of water last summer was only 150,000 gallons.

Mr. Mulholland said that if this had been a normal year there would have been a water supply sufficient to take care of 2,000,000 population. He pointed to the fact that this has been one of the driest years in the history of this section, with practically no rainfall and very little snow in the mountains.

"Natural history repeats itself and we are likely to have more dry years, although of course it is to be hoped they will not follow upon another's heels," said Mr. Mulholland.

"It behooves Los Angeles to prepare for new methods of developing her water and power supply and the Colorado River is the logical source of our future supply."

Mr. Mulholland, who recently returned from Washington, stated that he had been pleased to observe "a sense of humiliation" among the people at the capital because of the scandal in which high government officials are involved.

He also announced yesterday that Alexander Stewart, executive director of the association, will have general direction of the work in the field at the first week in April.

High praise for work of the Civic Music and Art Association in fostering a greater appreciation of American institutions and ideals among foreigners through the medium of music is contained in a resolution adopted at the Merchants and Manufacturers' Association.

The resolution points out that the activities of the music association have been effective in bringing the foreign-born residents to a greater realization of their privileges as citizens and have developed their musical tastes as a means of breaking down social and racial barriers.

WOMEN'S WORK, WOMEN'S CLUBS

BY MYRA NYE
"Ah, March; we know thou art kind-hearted, spite of ugly looks and threats. And, out of sight, are nursing April's violets."

For the Woman's Club of Hollywood March is not only providing for April's joys and beauties, but is offering interest for her own calendar days. The regular programs of Wednesday afternoons are especially rich in value. On March 5 at 2:30 p.m. in the clubhouse on Hollywood Boulevard Opie Read will speak on "Human Nature and Politics."

Opie Read, author, editor and humorist, is like no one else in the world in his charm of personality. His inimitable stories have made him a beloved national character. He is the author of "A Kentucky Colonel," "Wives of the Prophet," "An Arkansas Planter," "Old Ebenezer" and "The Mystery of Margaret." On this day, too, Mrs. Orville Routt, Mrs. Charles H. Richmond and Mrs. Wile Martin will be speakers at the literary luncheon. In the morning Miss Jessica Lawrence, Mrs. Frederick Rice and Mrs. Winter Hall will give a program of talks concerning Russian music for the music section.

Reciprocity Day

The next Wednesday is Hollywood's reciprocity day when the following speakers will be heard: Very Rev. William MacCormack, Mrs. George L. Eastman, Mrs. Charles Wondries, Mrs. Frank Barrows, Mrs. Paul M. Neal, Miss Bertha Green, Mrs. A. E. Hunting-

ton, Mrs. H. G. Redwine, each of these members speaking on her own departmental work. Mrs. Charles H. Toll and Mrs. Sidney T. Exley.

In the afternoon representative features of department work include Shakespeare, Mrs. Hector Gelger; literature, Mrs. Martin, and drama, Mrs. Ingle Carpenter. The Woman's Chorus will sing and "Rosalia," a one-act comedy, will be presented by the drama department directed by Arthur Kachel and Mrs. Eugene M. Hilden. In this day representative members of all clubs in the district will be guests.

Two Addresses

Charlotte Perkins Gilman will give an address: "His Religion and Hers." In the afternoon, and on the last Wednesday Samuel McChord Crothers will give "The Advancing Frontier of Morals," one of his addresses that has attracted much attention. He has been called the second Emerson. He is pastor of the First Unitarian Church of Boston, and holds a distinctive place in American literature.

Since the beginning of the club year there have been three beautiful paintings hanging in the club auditorium, and it was learned only yesterday for the first time that the donor of these works of art is Mrs. J. F. Mead, president.

Leap-year Dance
A leap-year dance is being planned by the junior auxiliary of the Hollywood Woman's Club for the evening of March 1. Marion Christie is chairman of the arrangements, assisted by Misses Elizabeth Keating, Helen Green, Helen Hill, Helen Hellman and Jane Phillips. Only members and their escorts will be admitted. Mrs. M. J. Palmer will be chaperone. The proceeds from the dance will be used for the regular philanthropic work of the juniors. They have already donated \$150 to the Orthopedic Hospital this year.

Luncheon Plans Ready
All arrangements have been completed for the \$200-plate luncheon which society and club women of Southern California will give Monday at the Biltmore for the woman's residence hall building fund of the University of Southern California. Seidman has so great an interest in any fashionable venture here expressed and the gathering at the Biltmore will be one of the most brilliant seen in Los Angeles for years.

Not only will society women be represented at the tables but musical, artistic and educational circles as well. The guests of honor will be Mary Garden, grand opera star; Dr. Rurelia Reinhardt, president of Mills College College, Mrs. Willoughby Rodman and Mrs. E. E. Ayer.

Seated with the honor guests will be the following active committee workers: Mrs. Sherman Hoyt, general chairman; Mrs. George Martin, vice-chairman from Pasadena; Mrs. R. D. Shepherd and Mrs. William Lee Woollett, Hollywood vice-chairmen; Mrs. Claus Spreckels, who will head the San Diego women; Mrs. Gardiner Hammond, Santa Barbara vice-chairman; Mrs. Clarence White, vice-chairman from Redlands; Mrs. Robert Garner, San Bernardino vice-chairman; Mrs. Von Klein Smid, wife of Dr. Rufus B. Von Klein Smid, president of the University of Southern California; Mrs. Sloan Orcutt and Mrs. Norman Bridge, vice-chairmen for Los Angeles.

Members of the Junior Auxiliary will act as ushers for the luncheon. Added to the already long list of patronesses are the following: Mrs. Emory S. Bogardus, Mrs. Robert C. Gillin, Mrs. S. W. Crabb, Hinchcliff, Mrs. John Hill, Mrs. George Finlay Bovard, Mrs. Ezra Healey, Mrs. Thomas Stowall, Mrs. A. S. Hazeltine, Misses Madeline Wills, Mary Bowen, Margaret Borthwick, Ruth Brown, Edith March, Emily Biles, Mrs. Neurenberg, Mrs. Della Early, Mrs. L. E. Behymer, Mrs. Roy Makom, Mrs. Carey, Mrs. E. L. Fosdick, Mrs. Davey, Mrs. Howard S. Waring. General hostesses for the luncheon will be Mrs. Sloan Orcutt, chairman, assisted by Mrs. Sherman Hoyt, Mrs. Benjamin F. Perkins, Mrs. John Hill, Mrs. William Lee Woollett, Mrs. Judson Jones and Mrs. Rufus B. Von Klein Smid.

The floral decorations which will be especially beautiful will be in charge of Miss Christine Weatherly of Pasadena.

An interesting feature of the luncheon will be the group of two hostesses at each of the small tables. Serving in this capacity will be the following:

Patronesses: Mrs. G. O. Robinson, Mrs. Orrin Scott, Mrs. Becondo Guasti, Sr., Mrs. W. W. Orcutt, Mrs. Henry Goss, Mrs. Henry House, Mrs. Elmer Helms, Mrs. Merle Smith, Mrs. Elizabeth Mortenson, Mrs. Albert L. Stetson, Mrs. Albert Menke, Mrs. Oscar Howard, Mrs. Albert Stephens, Mrs. A. C. Ellick, Mrs. W. J. Bettington, Mrs. Walter P. Story, Mrs. Charles E. Seaman, Mrs. Willis G. Hunt, Mrs. Leth Allen Phillips, Mrs. Newton Russell, Mrs. Judson C. Rives, Mrs. William I. Hollingsworth, Mrs. Francis Eckhart, Mrs. C. A. Parmelee, Mrs. Guerdon Wattles, Mrs. W. O. Jenkins, Mrs. Walter Fischer, Mrs. A. J. Wallace, Mrs. M. V. Belger, Mrs. William Stewart, Mrs. Frank Peart, Mrs. Dabney Day, Mrs. William A. Brackenridge, Mrs. Robert Ladd Gifford, Mrs. J. Ross Clarke, Mrs. E. P. Clarke, Mrs. Harry E. K. Phillips and Miss Della F. Bates.

Faculty table: Mrs. Emory Bogardus, Mrs. J. C. Hill, Mrs. Kenneth Bissell and Mrs. Albert Urey. **Alumnae table:** Mrs. Sarah Taft Somers and Miss Bertha A. Rose. **Junior auxiliary hostesses:** Mrs. Pardee Erdman, Mrs. Edward Wallace Neff, Mrs. George McAlpine, Miss Florence March, Mrs. MacBekenhorn and Mrs. G. L. Stinson.

Members of the Junior Auxiliary will act as ushers for the luncheon. Added to the already long list of patronesses are the following:

Mrs. Emory S. Bogardus, Mrs. Robert C. Gillin, Mrs. S. W. Crabb, Hinchcliff, Mrs. John Hill, Mrs. George Finlay Bovard, Mrs. Ezra Healey, Mrs. Thomas Stowall, Mrs. A. S. Hazeltine, Misses Madeline Wills, Mary Bowen, Margaret Borthwick, Ruth Brown, Edith March, Emily Biles, Mrs. Neurenberg, Mrs. Della Early, Mrs. L. E. Behymer, Mrs. Roy Makom, Mrs. Carey, Mrs. E. L. Perkins, Mrs. John Hill, Mrs. William Lee Woollett, Mrs. Judson Jones and Mrs. Rufus B. Von Klein Smid.

Writers' Night
The MacDowell Club of Allied Arts will give a writers' night, Friday in the auditorium of the MacDowell studio at 463 North Western avenue, at 8 o'clock.

Neeta Marquis, chairman of literature for the club, will present an unusually interesting program. Francis M. Fultz, author of "The Elfin Forests of California," will have for a subject, "What the Elfin Forest is and Why I Wrote It." May Van Norman Long, author of "The Wonder Woman," will discuss "Some Questions and Answers on Nibel Writing." The chairman will read some unpublished work, which will be offered for criticism; also a short story, "Straight Line Take Leave."

A distinctive feature of the occasion will be a study of the opera by Miss Martha Scott, who on Wednesday gave great pleasure to the Woman's Club of Hollywood with her analysis of opera, and its story of emotional expression. All members and their guests, as well as other lovers of literature and art, are invited.

Starchy Substitutes
Potatoes are at their worst at this time of year. Try substituting macaroni, boiled rice or boiled hominy for your starchy vegetable.

Onion Juice
Cut off the root end of the onion and use on a glass lemon squeezer as you would a lemon. You will be surprised how easily your onion juice is obtained.

APPLE CAKE
Mix one cup of scalded milk

Colorado Woman on Club's Program

Alice Forsythe Mosher

It is of interest to note that the large majority of votes cast for the request opera to be given for the Hollywood Opera Reading Club next Monday call for Puccini's "Madame Butterfly." Alice Forsythe Mosher has been cast for the part of Butterfly by Dr. Nagel, who reads, directs and presents the opera at each meeting. Mrs. Mosher has had the distinction of being chosen from 600 singers from Colorado to represent that State in the operatic companies.

Bridge-Ten
Honoring Miss Annabe who recently returned from a tour around the world, the Bridge-Ten club, South Pasadena, is giving this afternoon a party at the El Comodoro. The program includes the following:

Madame Butterfly

"FLUTE AND VIOLIN"
The flute, as it is, is a most beautiful instrument. It is the only instrument that can be played in the treble and bass clefs. It is the only instrument that can be played in the treble and bass clefs. It is the only instrument that can be played in the treble and bass clefs.

Out into the infinite with the speed of light passed the pure blending of a singing voice and the liquid notes of a flute, borne from KHJ, as modulation of an electric force—a lasting orbit of harmony. Is that force to be spent in space, or will it like the stars in their orbits, again return to earth? Men of wisdom, scientists, if you please, believe that the electric force of radio lives and that they do return to the earth.

Perhaps thoughts, leaping from the newness into the old, the human brain, are but magnetic waves of thought, born centuries ago and in completion of an orbit, again returning to earth.

DE LUXE PROGRAM

Margaret Fern Melrose, soprano; Harry C. Knox, concert flutist, and Richard K. Bailey, violinist, assisted at the Knabe by Mrs. Harry C. Knox, presented the de luxe program at the Times studio last night which will live long in the memory of those who heard it. Mrs. Melrose sang "The King's Concert" by Aldrich; "Star of Mine" by T. H. Lawrence; "Madness" by Margaret Fern Melrose; concert waits song by Aldrich, ably assisted by Mr. Knox.

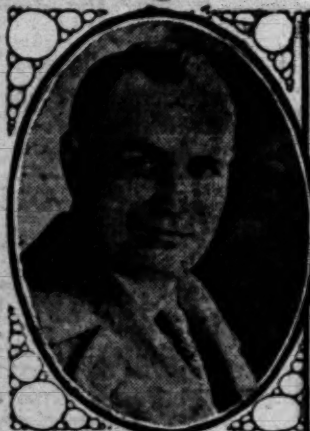

Special mention is made of the song "Star of Mine," originally composed by T. H. Lawrence for flute, French horn and piano, but recently arranged for soprano solo with flute obbligato and piano by Thurlow Lawrence, the famous composer of Indian music, who, by the way, appeared with Mrs. Melrose at KHJ a couple of months ago. The immortal melody of this song, was beautifully sung by Margaret Fern Melrose, and combined with the limpid flute thrills and florid chromatic accompaniment of the piano, the flute obbligato, approached the divine.

"MAD SCENE" WELL SUNG
The Mad Scene, from "Lucia," so famous in the repertoire of coloratura sopranos, was also ably sung, revealing the high notes of the artist to great advantage while the soft appealing flute tones, swift varying thrills and delicate staccato passages of the obbligato registered a smother of artistic perfection. A finishing touch was found in the piano accompaniment of Mrs. Harry C. Knox, which brought a charm of background throughout the program.

In addition to solos, played with an assurance of attack and delicacy of shading, the violin of Richard K. Bailey showed to good advantage in a series of trio numbers for flute, violin and piano. The listener who heard the address of G. Allison Phelps at 9 p. m. on "Mr. B. Almost Nothing" at its conclusion would have been justly prompted to cry out, "Good Allison helps." His words of wisdom were a tonic to the depressed or sore at heart. Replete with humor, he sketched his own experience resultant from a sudden attack of indisposition during which

he thought he was going to die. Reviving from unconsciousness, he as first responded to the impulse to meek and desired to have the whole world know that he had passed through the shadow of death, and then finally awoke to the realization that "Mr. B. Almost Nothing" had taught him the true lesson of life.

The children's hour was a case of Dickie meet Dick, and Dick meet Dickie. Little Dickie Brandon has made many friends in Radioland with his clever patter, and remarkable interpretations of Edward Vance Cook's poems. This curly-headed 4-year-old charmer always has something new that is of interest, and the acquisition of the Alredale, which he has renamed "Radio," brings a never-failing fund of stories. Dick Winslow, another screen juvenile, has made a name for himself as the youngest reporter in the world. His interview last evening with Gene Stratton Porter brought a human interest to the children's hour that many a well-seasoned reporter might well envy.

W. Ernest Feutz, tenor, sang a group of songs in charming style. "The Wind and Lure," by Rogers, was noted as having unusual beauty. He was accompanied on the Knabe by Ethel Myer.

Episcopal Church was broadcast by line telephony an hour later. Norma Gregg, whom Radioland has learned to call post-soprano, radiated a happiness as hostess and announcer of the matinee program, which was given by the Woman's Lyric Club of Los Angeles. Presenting Paula Dohrmann, mezzo-soprano, and the Lyric Club Double Quartet. Members of this organization included Edith Wing Hughes, Pearl Berry Boyd, Mary Teltow, Thelma Benson, Clara Robbins, Cornelia Glover, Eunice Ross and Letitia Williams.

Assisting were Carl Singer, cellist, and Clarence Kellogg of Alhambra, pianist.

SONG IS CHARMING
"One Fleeting Hour," that beautiful song by Dorothy Lee, as sung by Paula Dohrmann, with "cello obligato" by Carl Singer, was indicative of the charm of the program.

The Woman's Lyric Club of Los Angeles, of which these artists are members, is giving a recital tonight at Philharmonic Auditorium, and this matinee program is indicative of the merit of their concert, they should sing to a packed house of appreciative radio listeners. There was a special treat for housewives and office employees who gathered around loud speakers of radio shops during the noonday program, in the appearance of Jose Arias, Mexican impresario, who presented Juanita Pacheco, the wonderful little 12-year-old flutist, and a Mexican orchestra. T. Ortiz, violin; A. Ortiz, violin; A. Espinoza, mandolin; A. Corral, second mandolin; Mr. Arias, guitar; J. Querrin, bass.

There is a Latin charm in the music of this organization, which holds attention. The noon program was unique in that it consisted largely of folk songs of Mexico, which are little known in this country. One might close his eyes and see the senors and senoritas in the Plaza, away to the rhythmic music of this strident ensemble.

HART ANSWERS WIFE'S SUIT

Screen Gunman Files Demurrer to Complaint and Motion to Strike Out Treatment Clauses

William S. Hart, screen gunman, who was recently made the defendant in a suit brought by his wife, Winnifred Westover Hart, yesterday filed a demurrer to his wife's complaint and a motion to strike out several of its clauses.

Mrs. Hart filed suit on the 9th inst., asking the court to pass upon her right to return to the screen. She is restrained from doing so by the terms of a trust fund of \$100,000, established for her by Hart shortly after their separation in May, 1922.

FACTS LACKING
In his demurrer Hart declares his wife's complaint does not state facts sufficient to constitute cause for action; that it cannot be determined whether she is seeking to have her rights under a contract declared by judgment, or whether she is seeking to set aside the whole or a part of the agreement on the grounds of illegality, coercion or fraud.

Hart asks that the court strike out six clauses of his wife's complaint on the grounds that they are irrelevant and redundant. These clauses are the ones making charges against the screen star's treatment of his wife.

If Hart's demurrer is sustained his wife's complaint will be thrown out of court, but she will be given the opportunity to file an amended complaint. If the demurrer is overruled, Hart will be given ten days to respond or to file a cross-complaint. Providing he does so, the case will be set for trial.

The motion to strike clauses from Mrs. Hart's complaint will be heard by Judge Guerin's department of the Superior Court on March 5.

Winnifred Westover and William S. Hart were married December 7, 1921, and were separated in May of the following year. William S. Hart, Jr., was born in September, 1922. He is in custody of his mother under the terms of the trust agreement.

Sanctelle Structure to Cost \$310,000 and be Ready Next Autumn

The Board of Education yesterday awarded the contracts for the construction of the Sanctelle High School at an approximate cost of \$310,000. It will be completed in time for school next autumn, the contracts provide.

The general contract went to H. H. Brothers on their lowest bid of \$245,451. Other contracts awarded were: Plumbing, Bauch Heating Engineers Company, \$25,500; heating and ventilating, Emerson & Keeler, \$28,497.

The new structure will be of Romanesque architecture and will be built on twenty-four-acre tract three blocks off Santa Monica Boulevard and Fourth street.

It was decided to accept offers on the property, starting March 21 next. A report to the board from the Los Angeles School Savings Association, which eighteen months ago inaugurated a thrift campaign among school children, showed that a total of \$447,047 is now on deposit in local banks in the names of school children.

Secretary Sheldon read a letter from the Chamber of Commerce endorsing the \$34,000,000 bond issue which will be submitted by the board to voters in June.

"University" Prowlers Believed by Police to be in Custody

Two men arrested early yesterday morning in the act of robbing a house at Fairmont and Soto streets were declared late yesterday by Detectives Hickey and Gibson to have been identified as the so-called "University burglars."

They robbed more than thirty homes in the University police division of approximately \$10,000 worth of property during the past two months.

The suspects are Tom Wilson, 25 years of age, and Ernest Woolridge, 30. They were said to have been found in the house by the detectives after neighbors reported to the Hollenbeck Heights police. Both men denied taking part in any of the robberies in the University division but the descriptions fit those of the bold pair that terrorized that section of the city.

Stirred by the action of the government in appropriating \$820,000 for the development of the Monterey Harbor, said to be one of the finest natural harbors on the Pacific Coast, residents and civic organizations of that city, headed by the Chamber of Commerce, are making efforts to have the railroad company with the clauses contained in the offer of the government for the development of the bay.

Residents of Monterey predict that with government co-operation they will soon have the harbor ranking with the largest and best in the country. The Monterey Chamber of Commerce is sponsoring a national advertising and publicity campaign for the purpose of bringing home-seekers and visitors to that section of the State.

Del Monte is being rapidly developed and a \$1,000,000 hotel is in process of construction. The Del Monte canning industry is one of the most important of the district. Direct rail connection will be made from the fertile San Joaquin Valley, it is said, with its 2,000,000 tons of products annually.

Special inducements are being offered to home-seekers, resorters and investors in the Monterey district. The Los Angeles representative of the district is in the Monterey Peninsula Development Company in the Seventh and Hill Building.

It was conducted at the parlors of Reed Brothers-Dellenbaugh, undertakers.

Haley was taken off shortly after he reached home Wednesday night, according to his wife's statement to Detectives Oker and Stevens. She told the officers that her husband had only a few scratches from the fight, which he said arose out of a collision with another automobile at Vermont avenue and Beverly Boulevard.

An inheritance tax of \$36,728 has been charged by the office of State Controller Riley against the estate of Mrs. Louise Eshman, who died in this city April 10, 1923. The bulk of the estate, valued at \$888,046, was divided between three daughters, one son and one grandson, in amounts ranging from \$137,000 to \$188,000, with smaller bequests to several more distant relatives.

Another estate appraised for inheritance tax purposes is that of William C. Barsdale, who died in the city March 30, 1923. The estate is valued at \$252,413, yielding a tax of \$2469. The heirs are Kate M. Barsdale, widow; John D. Barsdale, son; and Ruth Barsdale, daughter.

Reclassification of the District Attorney's staff was advocated yesterday in a letter received by the Board of Supervisors from John Steven, secretary of the County Civil Service Commission.

Mr. Steven recommended one chief deputy District Attorney, at \$4000 a month; two deputies at \$275; one supervising trial deputy at \$275; one deputy at \$250; five at \$225; five at \$200; one at \$175; one at \$250; four at \$225, and seven at \$200. This would make the same number of deputies as at present, but rearranges them somewhat. He suggests that the classification take effect July 1.

There has been something of a dispute between the District Attorney and the Civil Service Commission over the question of whether deputies belong in the classified service and this letter is expected to bring it to a head.

to Make Good
on Port Offer
Stirred by the action of the government in appropriating \$820,000 for the development of the Monterey Harbor, said to be one of the finest natural harbors on the Pacific Coast, residents and civic organizations of that city, headed by the Chamber of Commerce, are making efforts to have the railroad company with the clauses contained in the offer of the government for the development of the bay.

Residents of Monterey predict that with government co-operation they will soon have the harbor ranking with the largest and best in the country. The Monterey Chamber of Commerce is sponsoring a national advertising and publicity campaign for the purpose of bringing home-seekers and visitors to that section of the State.

Del Monte is being rapidly developed and a \$1,000,000 hotel is in process of construction. The Del Monte canning industry is one of the most important of the district. Direct rail connection will be made from the fertile San Joaquin Valley, it is said, with its 2,000,000 tons of products annually.

Special inducements are being offered to home-seekers, resorters and investors in the Monterey district. The Los Angeles representative of the district is in the Monterey Peninsula Development Company in the Seventh and Hill Building.

ACCOUNTANTS GUESTS
Students and faculty of the Y.M.C.A. School of Accountancy will entertain at dinner tonight the following certified public accountants and business men: H. L. Carnahan, attorney; R. W. E. Cole, C.P.A.; J. Dabney Day, president Citizens National Bank; Fred F. Hahn, C.P.A.; O. T. Johnson, C.P.A., and H. Ivor Thomas, C.P.A. They are members of the advisory council of the school.TALK ON EDUCATION
Dr. Aurelia Reinhardt, president of Mills College, will address a special assembly of the students of the University of Southern California Monday morning at 11 o'clock. Her topic will be "Objectives in Education."POOR HEALTH DRIVES
WOMAN TO END LIFE
Mrs. Irene E. Mines, 58 years of age, ended her life yesterday at her home at 1409 North Alexandria avenue by cutting her throat with a breadknife, according to a police report. The body was found by neighbors. Ill health was believed to have been the motive. The body is at the establishment of Mark A. Pierce, undertaker.Salesman Was
Not Murdered,
Deputies Hold
Edward J. Ruben, Montebello salesman, whose body was found on the Santa Fe tracks at Santa Ana last Tuesday, was not murdered, but died either voluntarily or through an accident, Deputy Sheriff Weir, Bright and Stensland stated yesterday after an investigation into the death.

The deputies found that the engine which struck Ruben was sniggered with blood, indicating that Ruben was standing on the track when struck. They also found that he had paid his insurance on the 23rd inst.

ADMONITION UNHEEDED
Couple Urged to Make Up Again
In Court Trouble
Judge Summerfield's advice of last week to William and Betty Adler to forget their differences and become reconciled apparently has been disregarded, as yesterday Adler filed a cross-complaint to his wife's suit for divorce. In it he asserted that she did the proposing and arranged the marriage, and threatened him if he declined to accede to her wishes.

They were married last December 9 and separated in January. When they appeared in all-mother court last week Judge Summerfield told them that they should smooth over their troubles and take up life together again.

YOUTH ARRESTED AS
SUSPECT IN ROBBERY
Suspected of being the so-called "petting party" bandit, Charles S. Finkleman, 18 years of age, was arrested yesterday by Detectives Arkley and Kirk on a charge of suspicion of robbery. The officers declared that the youth has been identified by a motorist as the bandit who held up him and a woman companion. A drug store proprietor is also said by the officers to have identified Finkleman as the youth who robbed his store.Post Mortem in
Death in Traffic
Fight Is Ordered
A post-mortem examination of the body of Foster D. Haley, 23 years of age, of 286 South Carroll street, who died early yesterday, it is thought, from injuries received in a fight following a traffic accident, has been ordered for this morning. It was conducted at the parlors of Reed Brothers-Dellenbaugh, undertakers.

Haley was taken off shortly after he reached home Wednesday night, according to his wife's statement to Detectives Oker and Stevens. She told the officers that her husband had only a few scratches from the fight, which he said arose out of a collision with another automobile at Vermont avenue and Beverly Boulevard.

ESTATES APPRAISED
Heirs of Mrs. Louise Eshman Are
Assessed on \$888,046
An inheritance tax of \$36,728 has been charged by the office of State Controller Riley against the estate of Mrs. Louise Eshman, who died in this city April 10, 1923. The bulk of the estate, valued at \$888,046, was divided between three daughters, one son and one grandson, in amounts ranging from \$137,000 to \$188,000, with smaller bequests to several more distant relatives.

Another estate appraised for inheritance tax purposes is that of William C. Barsdale, who died in the city March 30, 1923. The estate is valued at \$252,413, yielding a tax of \$2469. The heirs are Kate M. Barsdale, widow; John D. Barsdale, son; and Ruth Barsdale, daughter.

MAY START
FIGHT WITH
PROSECUTOR
Reclassification of the District Attorney's staff was advocated yesterday in a letter received by the Board of Supervisors from John Steven, secretary of the County Civil Service Commission.

Mr. Steven recommended one chief deputy District Attorney, at \$4000 a month; two deputies at \$275; one supervising trial deputy at \$275; one deputy at \$250; five at \$225; five at \$200; one at \$175; one at \$250; four at \$225, and seven at \$200. This would make the same number of deputies as at present, but rearranges them somewhat. He suggests that the classification take effect July 1.

There has been something of a dispute between the District Attorney and the Civil Service Commission over the question of whether deputies belong in the classified service and this letter is expected to bring it to a head.

Burglary
SUSPECTS
IDENTIFIED
"University" Prowlers Believed by Police to be in Custody

Two men arrested early yesterday morning in the act of robbing a house at Fairmont and Soto streets were declared late yesterday by Detectives Hickey and Gibson to have been identified as the so-called "University burglars."

They robbed more than thirty homes in the University police division of approximately \$10,000 worth of property during the past two months.

The suspects are Tom Wilson, 25 years of age, and Ernest Woolridge, 30. They were said to have been found in the house by the detectives after neighbors reported to the Hollenbeck Heights police. Both men denied taking part in any of the robberies in the University division but the descriptions fit those of the bold pair that terrorized that section of the city.

Another "Deadly Parallel"

WATER and gas are distributed by very similar methods. Pipe lines in the public streets, service pipes to the properties and meters at the consumers' premises comprise the principal distribution equipment.

From this similarity it might be inferred that charges to the user for water and gas service connections would be the same. Here are the facts:

But

water is an unregulated municipally owned and politically operated monopoly,

While

gas is under corporate management and Railroad Commission control.

THE Board of Public Service Commissioners—the managers of the Water Bureau—are now seeking to acquire the electric system of Los Angeles Gas and Electric Corporation and change it from a regulated utility like gas to an unregulated political monopoly like water.

What would that change mean to the users of electricity?

MARINE FUTURE FOUND IN WEST

Panama-Pacific Line Officer Enthusiastic

Visitor Certain Atlantic to Lose Supremacy

Service Improvement Assured by Executive

"The future of the American merchant marine lies in the Pacific," declared J. S. Mahool, traffic manager of the Panama-Pacific Line, who arrived here from New York yesterday to make a survey of the shipping world on the Pacific, said Mr. Mahool, as the result of the strides this coast has made in offshore and intercoastal trade during the past four years.

"I have great confidence that within the next decade the Pacific Coast and not the Atlantic will be the stronghold of the American merchant marine," he said. "Each year brings this closer to realization."

The re-establishment of the express passenger service of the Panama-Pacific Line with three fast American liners, aggregating more than 75,000 tons displacement, is the outstanding illustration of this future situation.

FACILITIES PLEASE

Yesterday was Mr. Mahool's first visit to Los Angeles Harbor. He was thoroughly pleased, he said, with the facilities afforded by the port for the expeditious handling of the huge passenger liners of the Panama-Pacific Line—the 27,000-ton Manchuria and the 22,000-ton Finland and Kroenland.

Speaking of the operations of the Panama-Pacific Line, Mr. Mahool said:

"Even though we are operating the fast steamers in the intercoastal trade, providing a fifteen-day service between California and New York, we do not consider ourselves competitors with the railroads. We work with them to originate business in the interests of both and of the Pacific Coast territory that we both serve. The happy combination represented by the steamship, one way by water, one way by rail, has given easterners an added incentive to visit California."

EXPANSION CONSIDERED

Mr. Mahool also indicated that plans are under way for expansion of the present service and of additions to the present fleet of three speedy liners on the New York-Havana-Pacific line.

Mr. Mahool, who is accompanied by his wife, will depart from Los Angeles Sunday aboard the liner Finland, which sails on that date for the canal, Havana and New York.

PEDDLERS OF LIQUOR PAY TAXES

Voluntary Returns Made on Sales by Many; Can't be Prosecuted

Many of the income returns filed with the Collector of Internal Revenue have been made by bootleggers, according to Collector Goodcell. Some of these have been made voluntarily. Others have come into the collector's office as the result of investigations made by deputy revenue collectors and prohibition agents.

Deputy Collector Snively recently conducted an income tax drive on bootleggers in the San Francisco district, which resulted in the payment of \$75,000 taxes on incomes which bootleggers had not disclosed.

According to provisions of the revenue law, the bootlegger's return must be held in strict confidence the same as are other returns. Court rulings also have made it impossible to make the income returns of bootleggers the basis of prosecution. Prohibition agents do not have access to the returns.

AWARD FOR SLAIN MAN IS UPHELD

Widow of Railroad Man Killed by Employee Gets Full Death Benefit

An award of the full death benefit of \$5000 made by the Industrial Accident Commission and contested by the San Diego and Arizona Railway Company, in the case of an employee shot and killed by a fellow-worker, has been upheld by the State Supreme Court.

The beneficiary is Mary Rote, widow of Del Rote, who was killed April 23, 1922, by C. B. Trot.

The decision, which was unanimous, was written by Justice Waste, and is based on evidence that the quarrel resulting in the shooting was the direct outgrowth of instructions given by Rote to Trot in the course of their regular employment.

In this respect it differs from prior cases in which a different decision has been reached, where it was shown that similar fatalities during hours of employment resulted from quarrels that had originated apart from the employment.

WARDROBE AROUSES IRE

Mildred Cook's new clothes and Lewis Cook's liquor failed to dovetail, she told Judge Summerfield yesterday, when she obtained a divorce. She testified that when she bought a new wardrobe Cook came home drunk and beat her.

ARTISTS TO DANCE LENT IN

Carnival at Ambassador Will Resemble Fiestas of Olden Times in California

Merrymaking and revelry will predominate at the Ambassador Tuesday evening when on the eve of Lent the Mardi Gras dancers will call together the artists' colony and patrons of art in a carnival, somewhat resembling the fiestas of the old days in California.

Many novel features have been planned among them being the sale of the limousine dolls which have taken Paris by storm, and although the critics declare that these dolls must be of a grotesque kind that could only be born in Paris, we find that the disabled veterans through the California sale are making dolls for sale at the ball which will rival in color and artistry those which are setting Paris by the ears.

DEBS TO SELL DOLLS

These dolls will be sold by a bevy of young society girls under the supervision of Mrs. Boyle Workman and the proceeds devoted to the California Hut veterans.

Among those staying at the Ambassador who will take part in the sale are the artistes, Mrs. Gladys and Ethel Bernheim of Kentucky, daughters of Col. Bernheim, a member of Gov. Morfitt's staff; Miss Gladys Bernheim, a coquettish director costume or the ball and Miss Ethel will appear as a Spanish dancer.

MOVING STAGE A FEATURE

BIGAMIST GETS PROBATION

Given Year of Rest in Veterans' Home at Pasadena Instead of One to Ten at San Quentin

Clyde Colin Campbell, 25-year-old war veteran, who pleaded guilty to a charge of bigamy four weeks ago, yesterday was given a suspended sentence of one year by Superior Judge Crall.

Campbell had been sentenced to San Quentin Penitentiary for a term of from one to ten years, but this was set aside by Judge Crall following the filing of a supplemental report of the case by the probation department.

DEGREE REST HOME

The court also decreed that Campbell be placed in the veterans' rest home in Pasadena.

Campbell was taken into custody here shortly after his marriage December 23, 1923, to Nadine Alene Purdom, attractive young art instructor.

A complaint charging him with bigamy was sworn to by Maggie Laird, Campbell's wife, in Miami, Fla., where Campbell was said to be married in September, 1922.

MILLIONAIRE IS DIVORCED

Charles G. Emery of Pasadena Declared Master Drinker by Wife; Alimony Arranged

A masterful drinker was Charles G. Emery, Pasadena millionaire, according to the testimony of his pretty wife, Margaret Bundy Emery, who obtained a divorce in Judge Summerfield's court yesterday.

Emery inherited a vast sum from his father, Frank G. Emery, a Standard Oil official. A property settlement out of court, it was stated, gave Mrs. Emery alimony of \$500 a month, a home in Pasadena, and \$1500 for her attorney.

Emery drank a quart of gin before breakfast, said his wife, but later got down to serious work, and by luncheon was unable to walk, at which time the butler took charge of him. When he was in his cups, she said, he became noisy, and was addicted to the breaking of china.

In addition to exhibitions at their home, Mrs. Emery testified her husband proceeded to make a spectacle of himself at the Flintridge Country Club, where he fell upon the lawn, at the Wilshire Country Club, where he ruined a party she was giving; at the Coronado, where he was carried to his room by two bellhops; and at the 1923 Del Monte golf tournament, where he went to sleep on the steps of the clubhouse.

They were married in Pasadena August 18, 1920, and separated October 15, 1923.

WINTERS IS WITNESS IN OWN TRIAL

Describes Events Leading to Killing of E. J. Hoff; May Go to Jury Today

Final arguments in the case of H. B. Winters, restaurant owner on trial in Judge Hahn's department of Superior Court for the murder of E. J. Hoff, will be made today and the case is expected to go to the jury late this afternoon.

Winters took the stand in his own defense yesterday afternoon. He described the events that preceded the killing, stating that Hoff had parked his machine in the alley between the two restaurants operated by Winters. One of the waiters came in and told him he could not get through the alley because it was blocked by Hoff's machine, Winters said.

When he walked out and remonstrated with Hoff, he said, the latter knocked him down and threatened to kill him. Winters said he ran to the kitchen of one of the restaurants and when he saw Hoff pursuing him picked up a knife and flung it at him. The knife penetrated Hoff's heart, killing him instantly.

Attorneys Rush and Belne are defending Winters and Dep. Dist. Atty. Osborn is prosecuting the case.

TAYLORS' EXTORTION TRIAL IS UNDER WAY

A jury in Judge Avery's court yesterday began hearing testimony in the case of Mary Taylor and her husband, Charles Taylor, charged with extorting \$3000 from Mrs. Emma E. Steffen of 228 South Mariposa avenue. According to Dep. Dist. Atty. Burke, the State will attempt to prove that the Taylors blackmailed Mrs. Steffen by means of threatening to expose an alleged intimate relationship between Mrs. Steffen and Taylor.

Blaisdel Case Is to be Given to Jury Today

The case of Gilbert C. Blaisdel, former deputy sheriff, accused of embezzlement, will be given to the jury today in Judge Shenk's court. Testimony and argument were finished yesterday and the judge's charge will be given when court convenes this morning.

Blaisdel offered testimony yesterday to show that when he brought a prisoner from Colusa, he did not return in an automobile, as charged by the prosecution, and pocket the railroad fare charged to the county, but came by train. Twelve character witnesses also testified for him.

There were six counts in the original charge against Blaisdel, but four were dismissed on motion of Dep. Dist. Atty. Trippell and one on motion of Defense Attorney John L. Richardson.

Rev. Watson's Obsequies for Tomorrow

Funeral services for the late Rev. Watson, 73 years of age, and evangelist, will be held at 2 p.m. tomorrow at the Rev. Watson's chapel, 1100 Broadway, at the corner of Broadway and Broadway.

Mr. Watson was a native of this city for twenty years. He wrote about thirty books, including "The Best of the Best," "The Pot of Oil," "The Power of the Cross," and "The Power of the Word."

You can come in and inspect merchandise in advance of or during any sale, and we will put up at auction any article you may select.

There is a half million dollars' worth of Feagans & Co. diamonds and jewelry—a wonderful opportunity for the people of Southern California to buy this high-grade merchandise at a tremendous saving. The Feagans staff of salespeople will be there to welcome you—and to assist you and advise you in your selections.

Remember, everything goes—no reservations.

You name your own prices.

BRIGGS & REID

AUCTIONEERS FOR

FEAGANS & CO.

Old Store Location—218 W. 5th St.

ALEXANDRIA HOTEL BUILDING

Feagans & Co. have engaged us to sell at public auction their entire stock of diamonds and jewelry remaining at their former store, 218 W. 5th St., in the Alexandria Hotel Building. Our instructions are to close out everything, including the fixtures, and we mean to do so.

We have auctioned a great many fine diamond and jewelry stocks, but we can truthfully say that this is the finest stock of diamonds and jewelry we have ever seen offered under the auctioneer's hammer.

We have a national reputation to sustain as auctioneers of the higher standard, and you can rest assured that our part in this, our first important auction in Los Angeles, is going to be clean-cut and high grade.

But get this fact fixed in your mind: Feagans & Co. are conducting this sale themselves. It is Feagans' merchandise that is going to be sold—the residue of the former Feagans stock supplemented by additional merchandise from the new Feagans & Co. store. This refers to short lines resulting from the Feagans heavy Christmas selling, and to some lines which did not move as fast as Feagans & Co. expected.

An Explanation and An Apology

THE unwillingness of the landlord to release us from the last few months of a long lease on our old store premises, or to accept sub-tenants on any kind of a fair basis, has given us no alternative but to adopt what seems to us to be the most practical use of our old store for the final weeks of our lease—AN AUCTION.

Entrusted to other hands, however, the auction inaugurated at our store some weeks ago has not been conducted according to our standards. We have felt that our reputation was suffering—that the public was getting a wrong impression of Feagans & Company.

So we called a halt. We engaged what we believe to be the ablest diamond and jewelry auctioneers in America—Messrs. Briggs & Reid. We decided to close the store long enough to readjust the stocks and take the auction over ourselves and personally supervise it. Now we are ready for you.

Every dollar's worth of merchandise to be offered at this auction will be our own—and we will guarantee it—not only when it is sold, but throughout its service, just as we would if you had bought it at our Seventh and Olive Streets store.

We assure you that this auction will be conducted in a manner that will reflect credit upon the name of Feagans & Company—and for any extravagant representations that may have been made at the former auction in the name of Feagans & Company we abjectly and sincerely apologize.

Sincerely,

FEAGANS & COMPANY
